EPC 4.0

EPC 4.0 is a joint initiative by ProjectTeam®, Tiba, M8International, maexpartners and d1gitalAgenda

EPC Round Table on Innovation Initiative “EPC 4.0”

This EPC Round Table shall raise the awareness that the global EPC industry is at the edge of radical transformation, following one decade of massive underperformance compared to other industries. The findings and recommendations of the Final Report of the innovation initiative “EPC 4.0” published by a German think tank in 2019 will be presented and discussed.

The team under the lead of ProjectTeam® has developed a model with 6 transformational levers that have the potential to unleash the hidden potential in the EPC of industrial plants and to save up to 50% of CAPEX. These findings are in line with the global trends observed by many other international institutions, including the impact of digitalization/ industry 4.0 to this industry. More information on www.epc-4-0.eu

KEY TAKEAWAYS:

New ideas how to transform the set-up of industrial EPC projects to realize massive savings in CAPEX, by learning from other industries.

TOPIC HIGHLIGHTS:

1. Where is EPC? – A benchmark with other industries
2. Radical transformation – the model of “EPC 4.0”
3. Digitalization as the motor for transformation
4. Four levers to change organizations and processes
5. The human factor – we need a change in mind-set

EVENT DETAILS:

Date : 7th November 2019

Venue : Concorde Hotel, Kuala Lumpur

Time : 10am – 3pm

Fee : RM 200 (inclusive of tea break, lunch and a free copy of full 115 pages final report)

REGISTRATION CLOSING ON 15TH OCTOBER 2019

For more information & registration, contact us at:

naaveen@bridgit.biz / najwa@bridgit.biz | 03-7960 9598

Target Audience:

Executive positions in project management, business development, IT strategies or procurement in companies representing Investors/ Owners/ Operators of Industrial Plants and EPC companies.

KEY-NOTE SPEAKERS:

Frank-Peter Ritsche, CEO of ProjectTeam® International Ltd. (Malaysia/ Germany)

Frank-Peter Ritsche has 25 years of experience in EPC projects world-wide. He is certified PMP® since 2005 and holds a mechanical engineering degree from the Technical University of Braunschweig (Germany). He held both operational project management and strategic positions covering the engineering, procurement and construction of conventional and nuclear power plants as well as in the chemical industry, with globally operating companies such as SIEMENS, FRAMATOME, AREVA and THYSSENKRUPP. He gained his on-site experience with major projects in Taiwan, Spain, Slovakia, Japan, Singapore, Finland and Egypt. Mr. Ritsche is founder of the “ProjectTeam® Global Experts Network”, editor of the “Project Management Handbook for EPC”, licensor of the “EPCP®- EPC Professional” training scheme and initiator of innovation project “EPC 4.0”.

Marcel Conrad (Firdaus) de Booij, Technical Director of Bridgit Sdn. Bhd.

Marco has a BSc Chemical Engineering (Netherlands) and a Master of Business Administration (US). He is a Project Management Professional (PMP) and a PMI-Risk Management Professional (PMI_RMP). Hailing from The Hague, Netherlands, he has more than 20 years of experience in a variety of major projects in the oil and gas and the process manufacturing industry. Throughout his career he has had involvement either on the engineering side or the construction side of EPC projects. Besides Engineering, Project Management and Manufacturing, his strengths lie in drawing & document management, logistics, performance management and balanced scorecards. For most of his career he has worked in international environments and has strong affinity to different cultures and working methods. The last decade, Marco has become a full-time trainer, consultant and lecturer, focusing on transferring his knowledge to others.

Kevin in't Veld, CEO of Bridgit Africa Pty. Ltd.

Kevin, a certified PMP®, has a Master Degree in Project Management, a Diploma in Advanced Project Management, and most importantly has a vast practical international experience amongst other countries in Holland, Germany, USA, Ghana, Namibia, Uganda, Malaysia, Germany, South Africa, Dubai, Saudi Arabia, Indonesia and Thailand, managing projects of various sizes both of a technical and of human resources nature in many types of industry such as manufacturing, engineering, mining, logistics and property development/construction. He has vast experience in several industries in various portfolios as Project Manager, Program Manager, and PMO Manager and is an expert in working with people from different cultures and levels. He has set up and implemented PMOs for a large number of organization and is a well-known international trainer and facilitator in the field of project management He has 23 years of experience training and facilitating in over 55 countries around the world.

PROJECT TEAM

AGENDA:

09.30	Registration	
10.00	Opening Address	Sunthar Raj CEO Bridgit Sdn Bhd
10.15	EPC 4.0 - Unleashing the hidden potential	Frank-Peter Ritsche CEO ProjectTeam® Int'l Ltd.
11.00	Tea Break	
11.30	Collaborative Contracting Models	Frank-Peter Ritsche CEO ProjectTeam® Int'l Ltd.
